

**Universidad
Andrés Bello**

International Course Unveiling Mitochondria 2.0

Symposium Program

Place:
Auditorium Andres Bello
Republica 239, Santiago, Chile

January 21st, 2013

Time	Speaker	Lecture
9:00 - 9:10	Andres Gomberoff Vice Chancellor of Research and Doctorate University Andres Bello	Welcome Words
9:10 - 9:20	Alvaro Elorza University Andres Bello	Unveiling Mitochondria 2.0: Overview of the course
9:30 - 10:30	David Nicholls Buck Institute USA	Cellular Bioenergetics
10:30:11:30	Orian Shirihai Boston University USA	Mitochondrial Dynamics in the regulation of energy efficiency and quality control.
11:30 - 12:00	Coffee Break	
12:00 - 13:00	Alvaro Elorza University Andres Bello Chile	Role of Copper on Mitochondrial Physiology
13:00 - 14:30	Lunch	<i>"Lunch will only be provided for keynote speakers and the 12 selected participants"</i>
14:30 -15:30	David Ferrick Seahorse Bioscience USA	Using Bioenergetics to Reveal the Metabolic Adaptations of Age-Related Diseases
15:30 - 16:30	Julio César Cárdenas Universidad de Chile Chile	ER-mitochondria encounters; deeper than small talk
16:30 - 17:00	Coffee Break	
17:00 - 18:00	Paolo Bernardi University of Padova Italy	The mitochondrial permeability transition pore: A mystery solved?.
18:00 - 18:10	Alvaro Elorza University Andres Bello	Closing words
